Coronavirus (COVID-19) Hartford Hospital Maternity Update

**HHC COVID-19
Hotline:
1.860.972.8100**

Your Safety is our Priority

Out of an abundance of caution, Hartford Hospital is restricting visitation and limiting entrances due to COVID-19.

All maternity patients should use the Emergency Department entrance which is open 24 hours/7 days a week.

Take the dedicated Labor & Delivery elevator to the 6th floor.

A screening process will take place either in the Emergency Department or when you arrive on the 6th floor.

New COVID-19 Visiting Policy

In the interest of patient safety, Hartford Hospital is limiting visitors to one per patient. Visitors must be over the age of 16.

All visitors will be screened at our entrances for recent travel, exposure, presence of symptoms, as well as having their temperature taken.

Visitors who do not pass the screening process will not be permitted to enter the hospital.

A **designated support person** may remain with you throughout your hospital stay.

Should your support person go home, you may choose to allow one visitor in their absence during our visiting hours of **12pm-8pm**.

We recognize that this is a very special time for you and your family. We encourage you to use FaceTime or Skype to share your wonderful new addition.

Thank you for your understanding. Maintaining the safety of our patients and community is our number one priority.
