## Florida law restricting doctors' gun talk blocked by federal judge Like 2

### Related Content

- Physicians, gun advocates tangle over Florida law

BY MARC CAPUTO  
THE MIAMI HERALD

A federal judge Wednesday blocked a Florida gun law that restricted doctors from asking patients about firearms.

Judge Marcia G. Cooke said doctors had a First Amendment right to ask about firearms, and she rapped the state's lawyers for failing to provide more than anecdotal evidence to show the law was needed.

"The State has attempted to inveigle this Court to cast this matter as a Second Amendment case," Cooke wrote. "Despite the State's insistence that the right to "keep arms" is the primary constitutional right at issue in this litigation, a plain reading of the statute reveals that this law in no way affects such rights."

Gov. Rick Scott, who signed the "Firearm Owners' Privacy Act into law June 2nd vowed to appeal

## The docket pages

For those interested in checking the docket pages at the Supreme Court, here are the docket pages for the five cases in which cert petitions have thus far been filed (in order of their docket numbers):

- \* No. 11-117: *Thomas More Law Center v. Obama*.
- \* No. 11-393: *National Federation of Independent Businesses v. Sebelius*.
- \* No. 11-398: *HHS v. Florida*.
- \* No. 11-400: *Florida v. HHS*.
- \* No. 11-420: *Virginia v. Sebelius*.

# THIRTEEN MILLION MORE PEOPLE UNINSURED IN 2010 THAN IN 2000

Millions of uninsured

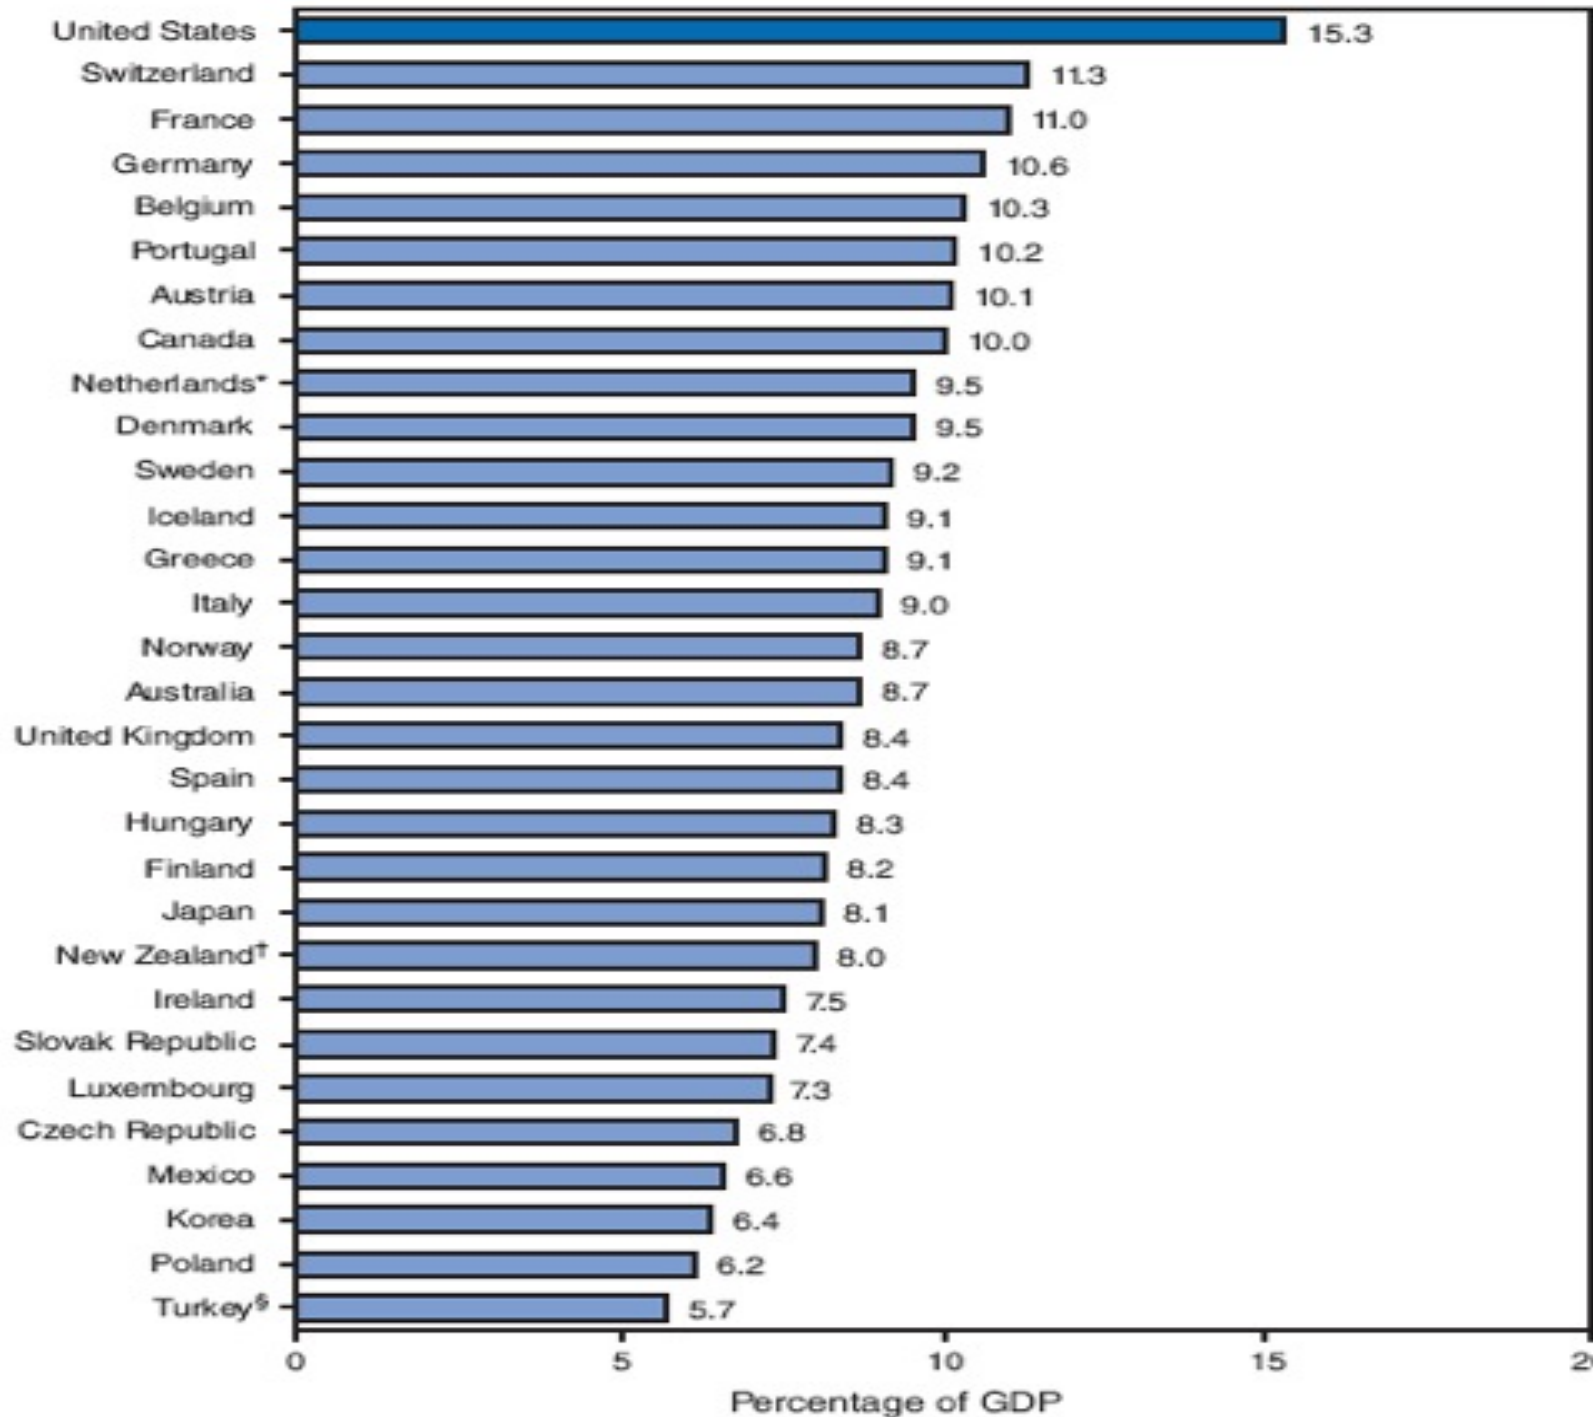

Source: *Income, Poverty, and Health Insurance Coverage in the United States: 2010* (Washington, D.C.: U.S. Census Bureau, Sept. 2011).

On the 6<sup>th</sup> anniversary of Hurricane Katrina, the National Association of Free Clinics served 1,000 uninsured patients with the help of an incredible army of volunteers. On this day over 900 free prescriptions were filled, 1 case of HIV was found, 1 patient was sent to the emergency room, connection to 100 free mammograms were given and 5 cases of cancer were diagnosed.

## National Health Expenditures, 2008

Total = \$2.3 Trillion

# AND TO TOP IT OFF.....

## **SOME GOOD IDEAS.....**

**“Our objective is to liberate the talents and skills of all the workforce so that every patient gets the right care in the right place at the right time.....”**

# IMPACT ON SCOPE:

For nurses in primary care this will mean:

- A service where patients and the public have a greater choice and a greater voice
- Opportunities to provide more secondary care in community settings
- Extending nursing roles including taking on some work currently done by GPs
- A key role in delivering 24-hour first contact care across a range of settings
- A major role in delivering National Service Frameworks
- Having a greater voice in decision making
- A focus on prevention and tackling inequalities
- Greater skill mix and leadership opportunities.

- **Health Promotion**
- **Chronic and complex care management in community**
- **Community-based mental health care**
- **Responsive maternal-child-family health services**
- **Aged care in community and residential settings**
- **Generalist FRONTLINE health care services across all settings**
- **Liaison services between community and acute services**
- **Health Promotion, illness/injury prevention and continuity of care**

# SCOPE IN OUR STATE:

- **Primary source is Nurse Practice Act**
- **For RNs -**
  - Human responses
  - Supportive/restorative care
  - Health teaching
  - Case-finding
  - Collaborating in implementation of plan
  - Executing the medical regimen under direction of....

# SCOPE IN OUR STATE:

- **For APRNS:**
  - Alterations in health status
  - Mandatory collaborative agreement
    - In writing if prescribing

**SO LET'S SAY WE WANT TO:**

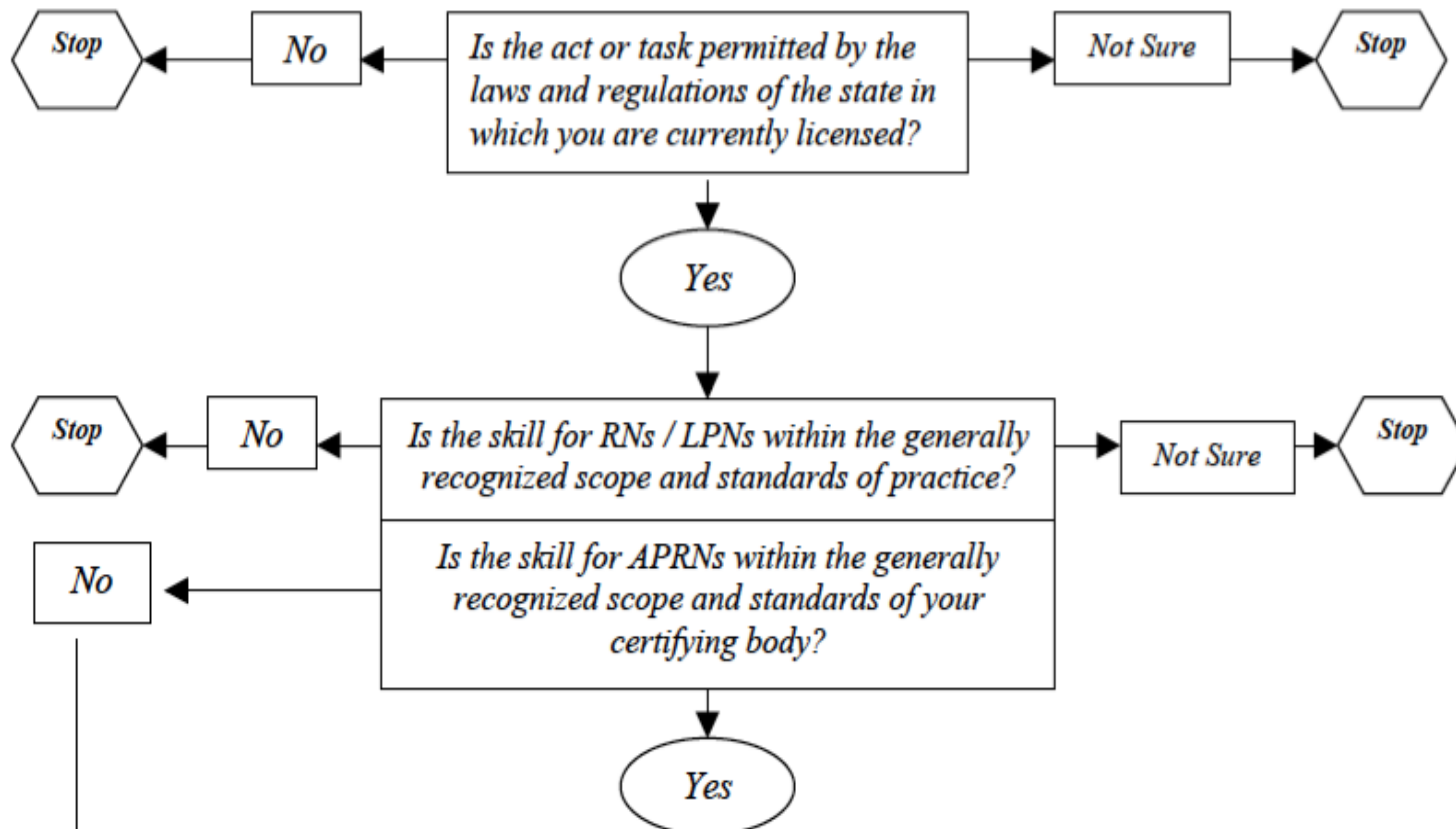

**START NURSE-LED CARDIOVASCULAR CLINICS....**

# ASSUME SCOPE IS OUR ONLY CHALLENGE.....

## *Connecticut Board of Examiners For Nursing Nursing Competency / Scope of Practice Decision - Making Model*

# SO NOW WHAT?

# **MAKING THE CASE.....**

- **Data is key**
- **As is “framing”**
- **And getting a toe-hold on leadership’s interest**

# A PERFECT STORM EXISTS....

- **Nationally**
  - PPACA
  - IOM's Future of Nursing
  - Those high expenditures
  - Those horrible outcomes

# A PERFECT STORM EXISTS....

- **Statewide:**
  - Enduring reform efforts since 2006
    - SPCAA
    - HIT
    - Health First
    - Coalition of Advanced Practice Nurses
    - Connecticut Center for Primary Care
    - Our Congressional members care about health

# A PERFECT STORM EXISTS....

- **Locally:**
  - Pay-for Performance on Acute Indicators
  - Community interventions now seen as useful
  - Magnet status
  - IOM! And use your international colleagues...
  - Money
