

Authorization for Oral Surgery

Patient's Name: _____

I hereby authorize Dr. _____ to perform the following surgery and/or special procedure / treatment:

Oral Surgery

I understand that residents, medical students, physician assistants and/or advanced practice registered nurses may also be in attendance, and/or assisting in the performance, and/or performing significant medical/surgical tasks within the above specified surgery and/or special procedure/treatment. In addition, I understand that there may be unforeseen circumstances that are encountered while performing the above listed surgery and/or special procedure/treatment that require the assistance of other qualified medical personnel who have not been identified.

I have had explained to me in connection with the proposed surgery/procedure/treatment: (i) the nature and purpose of the proposed surgery/procedure/treatment; (ii) the foreseeable risks and consequences of the proposed surgery/procedure/treatment, including the risk that the proposed surgery/procedure/treatment may not achieve the desired objective; (iii), the alternatives to the proposed surgery/procedure/treatment and the associated risks and benefits to such alternatives; and (iv) the reasonably foreseeable risks and alternatives to the transfusion of blood and blood products should I need a blood transfusion.

Specifically, in obtaining my informed consent to the surgery and/or special procedure, I have been informed of the following reasonably foreseeable risks:

- Pain, swelling, bruising and skin discoloration, and bleeding, any of which may require several days of at home recuperation
- Infection of soft tissue and/or bone, which may require additional treatment
- Injury to the nerves underlying the teeth, resulting in numbness, pain and tingling of the lips, chin, tongue, gums, cheek, teeth and nose, which may persist for several weeks, months or may rarely, be permanent
- Injury or damage to adjacent teeth, crowns (caps) or filling
- Stretching of the corners of the mouth with resultant cracking and bruising
- Restricted mouth opening for several days or weeks; sometimes related to swelling and muscle soreness and rarely to stress on the jaw joints (TMJ)
- Decision to leave a small piece of tooth root in the jaw when its removal would require extensive surgery or risk other complications
- Jaw fracture (particularly in more complicated extractions)
- Opening of the sinus, or sinus infection requiring additional surgery

_____ Patient initial

6816

I am aware that, in addition to the reasonably foreseeable risks described, there are other foreseeable risks, which have been discussed with me, but are not listed. I affirm that I understand the purpose and potential benefits of the proposed treatment and/or special procedure, that no guarantee has been made to me as to the results that may be obtained, and that an offer has been made to me to answer any of my questions about the proposed surgery/procedure/treatment.

I agree to the use of anesthesia and/or sedation/analgesia as required, and if applicable, the disposal of any tissue removed.

I also authorize the Hospital and the above-named physician(s) to photograph, video and /or use any other mediums which result in the permanent documentation of my image for medical, scientific or educational purposes, provided my identity is not revealed by them. I agree that any photographs taken pursuant to this authorization, which are not required by law to be retained, may be disposed of by the Hospital so long as the manner of disposition shall be permanent destruction.

This consent may be revocable by me at any time, except to the extent it has already been relied upon.
