

Welcome

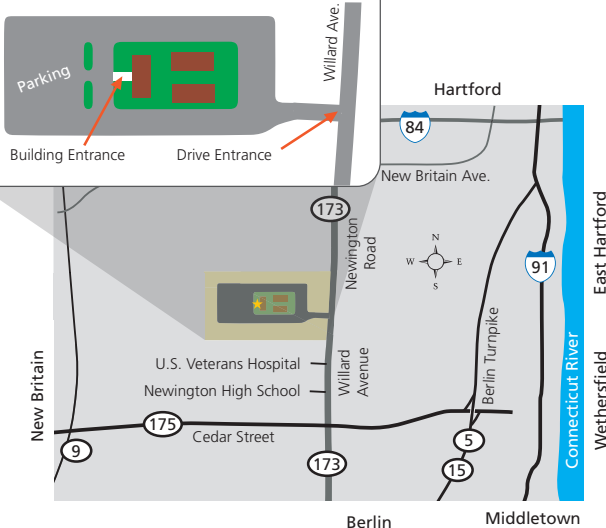

The physicians and staff at Hartford Hospital Eye Surgery Center welcome you to our facility. Hartford Hospital Eye Surgery Center is a state of the art outpatient surgical center that was designed, built, equipped and staffed to provide the highest quality surgical eye care. Hartford Hospital Eye Surgery Center is a Connecticut State Licensed and Medicare Certified Outpatient Surgery Center. In addition, the Center is accredited by the Joint Commission on Accreditation of Health Care Organizations.

We are proud to offer this high quality care as a more convenient and cost effective alternative to traditional hospital care. Our staff has been carefully selected and trained by our physicians and include some of the most outstanding eye care professionals in Connecticut.

The day of your appointment

We want your visit to Hartford Hospital Eye Surgery Center to be as pleasant as possible. **You should plan on spending 2-4 hours at the center after your arrival.**

Please do not eat or drink anything after midnight unless otherwise advised.

- Bring a list of your medications and dosages. You may take your cardiac or hypertension medications with a sip of water.
- Do not take medications for diabetes; bring the diabetes medicine with you the day of surgery.
- Bring your insurance card and picture identification.
- Wear comfortable clothing; you do not have to change.
- Do not wear make-up, jewelry or strong perfumes.
- Do not bring valuables.

Upon the completion of your surgery you will be offered a snack and a beverage.

Please consult your physician about taking any medications on the day of your surgery.

Your Physician

Your surgery will be performed by your personal Ophthalmologist and all other follow up visits will be conducted at his or her office.

Anesthesia

The Ophthalmologists at Hartford Hospital Eye Surgery Center have carefully selected their anesthesia team in order to provide their patients with the highest quality of care. Local anesthesia will be administered by an Anesthesiologist specializing in ophthalmic anesthesia.

Staff

Our entire staff has been carefully selected and specially trained by the physicians at the center. Our Nurses and Surgical Technicians have many years of experience at the local hospitals and they are totally committed to providing the best patient care possible.

Service

Providing excellent service is a high priority at Hartford Hospital Eye Surgery Center. The goal of each and every staff member is to provide our patients with a high quality, comfortable, and relaxing visit. We would appreciate it if you would complete our patient satisfaction questionnaire after your visit and return it to your Ophthalmologist during your next appointment. Your comments are important to us.

Transportation

We encourage you to be driven to Hartford Hospital Eye Surgery Center by a relative or a friend. However, if you do not have anyone to drive you to the center, we can provide transportation service at a nominal fee. One of our drivers will pick you up at your home and bring you to the center for your appointment. After your surgery, you will be returned to your home. If you need transportation please let your Ophthalmologist know when you schedule your surgery.

Billing and payment

Hartford Hospital Eye Surgery Center accepts assignment from Medicare and is a participating provider with most health plans. Any insurance and transportation co-payments will be collected upon admission. Please call your insurance company to verify what your out of pocket expense for outpatient surgery will be. The center accepts cash, check and all major credit cards.
