

Hartford Hospital has updated our visitation policy. As of **September 9th**, the visitation for Maternity and North 8 is the following and applies to ages 16 and up:

Labor & Delivery:

One designated support person is allowed. A second support person is allowed when patient is admitted for active labor (if the patient has a doula, the doula is considered the second support person). If having a scheduled c-section, only one support person is allowed.

COVID POSITIVE PATIENT: One designated asymptomatic support person is allowed. No other visitors. Support person cannot be changed. They must remain in the room and wear hospital-issued personal protective equipment. If support person becomes symptomatic, they will be asked to leave.

Postpartum:

One designated support person is allowed 24/7. An additional visitor is allowed one at a time during normal hospital visitation hours from 12pm-8pm.

COVID POSITIVE PATIENT: One designated asymptomatic support person is allowed. No other visitors. Support person cannot be changed. They must remain in the room and wear hospital-issued personal protective equipment. If support person becomes symptomatic, they will be asked to leave.

North 8 Antepartum:

One designated support person is allowed 24/7. An additional visitor is allowed one at a time during normal hospital visitation hours from 12pm-8pm.

North 8 Post-Surgical and Medicine:

One visitor per patient is allowed during normal hospital visitation hours from 12pm-8pm.

Please know that masks are required at all times and Covid-19 symptom checks will be performed at hospital entrances. No visitors under 16 years of age are allowed.
