
From The Hartford Hospital Health Science Libraries

Welcome!!

The Health Science Libraries provide resources and knowledge management expertise to hospital staff, focusing on delivering information where and when it is needed.

We invite you to visit us in person at the:

Robinson Health Sciences Library, ERC-3, (860) 972-2230
or the IOL Library, Research Building-3, (860) 545-7276

by e-mail at HH.Library@hhchealth.org

via our website: <http://www.harthosp.org/hsl/default.aspx>

Intranet: <http://intranet.harthosp.org/hh/dept/93?route=2>

Included in this packet, you will find descriptive information about the libraries' resources, services, and specialized programs. Additionally, we have included handouts on how to access our services and staff.

Literature searching, document delivery, teaching, and introduction of new technologies are just a few of the many services we provide. Please do not hesitate to contact us about any of these services.

We look forward to providing you with support for all your information needs!

LOCATIONS & HOURS

LOCATIONS & HOURS

At the back entrance*

The Institute of Living

The Institute of Living (IOL) Medical Library provides access to up-to-date and historical materials in psychiatry, neurology, psychology, nursing, social work and other mental health disciplines. Besides psychiatric books and journals there is an audiovisual collection including lectures given by IOL staff and visiting professors over the past several years.

An Audiovisual room on the 3rd floor is available for viewing videocassettes. The library provides 2 computer workstations for accessing our online resources and study areas are available for individuals and small groups.

Location:	Hours:	Phone/Fax:
Research/Burlingame Bldg, 3 rd Floor 200 Retreat Avenue Hartford, CT 06102	Monday - Friday 7:30 AM – 4:00 PM	Service Desk 860 545-7276 Fax 860 545-7275

SPECIALIZED LIBRARY SERVICES

CLINICAL LIBRARIAN PROGRAM

The Clinical Librarian's primary responsibility is the rapid delivery of value filtered information in support of patient care. As a member of the patient care team, the Clinical Librarian listens to discussions of patient care problems, taking care to note questions that can best be answered by knowledge-based information from the library. Quality filtered information is delivered back to the patient care team, finding the best references for the specific case in question. Clinical Librarians significantly contribute to patient safety by providing practitioners with the latest patient care information in a timely manner, reducing distractions, thus allowing them time to concentrate on their own primary responsibility – patient care.

The Health Science Libraries have Clinical Librarians assigned to various teams within:

- The Department of Medicine
- The Department of Surgery
- The Department of Emergency Medicine
- The Department of Trauma
- The Department of Nursing
- Connecticut Children's Medical Center

TODAY'S HEALTH ADMINISTRATION NEWS

This daily news service sent by email is a scan of the day's news, from newspapers, journals, blogs, and web sites. Topics include hospital administration, quality management, health care management, risk, ethics, etc. It is archived and searchable on the Health Science Libraries' Intranet page.

Requests to be added to the distribution list can be sent to:

Health.ScienceLibraries@hhchealth.org

- To go to the Library Intranet page from the Hartford Hospital Home Page “Click” on the Health Science Libraries’ link.
- You can also go directly to the Health Sciences Library Page using this link:
- <http://intranet.harthosp.org/hh/dept/93?route=2>

SPECIALIZED LIBRARY SERVICES

THE HAMILTON ARCHIVES

The Hamilton Archives is the official repository of the historical, non-current records and artifacts of Hartford Hospital and The Institute of Living. The files include correspondence, publications, annual reports, minutes, financial records, deeds, leases, bequests, extracts of wills, bylaws, contracts, legal case material, manuals, artifacts, etc., some of which dates back to the late 18th century.

Of particular note are the extensive collections of historical photographs and publications in each Archives. Both Archives also house a small collection of the earliest patient records of each institution.

Those in need of historical information about either Hartford Hospital or The Institute of Living may contact Lori Hayes by phone – 860-972-7276 or by email Lori.hayes@hhchealth.org

NEED an ARTICLE or BOOK?

Use our

DOCUMENT DELIVERY SERVICES

Whether the article/book is available from our collection or we need to borrow it from another library, we will provide you with a copy of the item you need. We routinely deliver the article to your desktop in pdf format, unless otherwise instructed. Books are available for pickup at either the Robinson Health Sciences Library or the IOL Medical Library.

DOCUMENT ordering from Ovid and EBSCO

Ovid and EBSCO databases allow you to order articles directly from a literature search.

DOCUMENT ordering using a library form

Electronic forms can be found on the Libraries' Intranet homepage under Requests/Registration forms. Fill out all required fields then click send. The request will be e-mailed to the library and will be processed the next business day.

A paper copy of the book and journal article request form is available at all library locations.

We know that sometimes you require immediate access to an article. When the need is urgent, please call the document delivery staff at 545-2230 so we can obtain the article within your time frame.

Copyright

- Can I email a copy of an article to friends or colleagues?
- Find the answer to this and other Copyright questions at Rightsphere from the Copyright Clearance Ctr.
www.rightsphere.com
- This site will specifically list what you can or cannot do with an article

ONLINE RESOURCES

The screenshot shows the Hartford Hospital intranet homepage. The navigation menu on the left includes categories such as Academic Affairs, Employee Services, and Reference. The Reference section contains a list of links, with 'Health Science Libraries' highlighted by a red arrow pointing to the second screenshot.

The screenshot shows the Hartford Hospital Health Science Libraries intranet page. The page features a navigation menu on the left with categories like Questions, Request Forms, Check Copyright, Mobile Devices, and Affiliated School Students. The main content area includes sections for MyAthens library access, OPAC Discovery, and a list of available databases. The databases are organized into two columns: 'Databases available for your use' and 'Databases available for your use (cont.)'. The first column lists databases such as A-to-Z Journals Holding List, Access Medicine, AgeLine, CINAHL Plus with Full Text, Clin-eGuide, ClinicalKey, Cochrane Reviews, Psychiatry Online/DSM-5, EBSCO Host, Health Business Elite, Lexi-Comp, and MedLine Plus. The second column lists databases such as MedLink Neurology, Natural Standard, Newspaper Source Plus, Ovid Medline (1947-Present), PsycINFO (1967-Present), PubMed, Rehabilitation Reference Center, Social Work Reference Center, STAT!Ref, UpToDate Online, and VisualDX.

Access Online Library resources and request forms from our Athens page

MyAthens is your direct access to all library services and resources and is provided free to you by Hartford HealthCare. Registration is required, but you pick a password. You never have to change the password, but you will need to re-verify your registration yearly.
